

# congratulations!

**Well done to every child and every family for your fantastic effort in getting onto your online Home Learning this week.**

This is a new way of learning for all of us and we will get even better at it as we learn more.

Students, keep working hard and just do your best each day. Please do not get worried if you are having trouble or don't finish things quickly, we just want you to do your very best and that is enough!

Parents, you need to be kind to yourself, this is new, not easy, and you will find what works best for your family... just do what you can, that is enough!

Remember that your teachers want what you want – *the best for your child*. We will do our best to help every student as much as we can. Be kind – be patient and we will work through this together!!
