Dear Parents and Carers

As we are back to Learning at Home for Term 3, we acknowledge that some families had difficulties with technology equipment at home.

To help alleviate any stress with remote learning we are offering to lend out laptops or wifi dongles to families.

If you need to borrow a laptop can you please email me your details and I will organise a time for you to come to the school to pick up the laptop.

If you need help with wifi at home especially if you were trying to hotspot off your phone or your service keeps dropping out all the time. You will need to purchase a Sim Card for the device. Can you also please send me your details and I will organise a time for you come to the school to pick up a dongle (wifi receiver) and let you know where you need to purchase a Sim Card.

Please email me the the name of your child and their Year level and Home Room Teacher

Take care, Keep well, Keep safe

Regards

Anne Walton

DT Leader
