Dear Parents and Carers,

CONFIRMATION MASS

We had an absolutely beautiful and reverent Confirmation celebration in the St Andrew's Sports Centre on Friday 7th May with Fr Albert as celebrant and we congratulate all our newly confirmed students. Thank you to the family members and sponsors who were able to attend this special celebration and we thank all our families and friends who were able to join us via Zoom.

Congratulations and special thanks go to our Senior Unit teachers, Mrs Dawson, Mrs Sgro, Mr Buslon, Mr Barlow, Mrs Walton, Miss Clarke and Miss Mendoza for their wonderful work in preparing the children so well. Special mention goes to Miss Richelle Mendoza for ensuring that every detail was attended to and addressed in preparation for the ceremony. I wish to also thank all staff at Corpus Christi who supported the Confirmation Candidates and their teachers in so many ways throughout the program and at Mass on Friday.

I ask that you continue to keep our candidates, their sponsors, their families and their teachers in your thoughts and prayers at this time.

STAFF NEWS

I wish to inform our school community that two staff members will be on extended leave in the coming weeks. Mrs Helen Drezga will be on leave from Monday 31st May and will return to us at the start of Term 3. Mrs Larissa Murdock has been appointed to work alongside Mr Mark Warren in the Yellow Community while Mrs Drezga is absent. Mrs Maria Chetcuti will be on leave from 7th June and will return in Week 3 of Term 3. Mrs Kearan Gibaldi will run our Visual Arts program in Maria's absence.

NAPLAN

During the past two weeks our Year 3 & 5 students completed the Naplan assessments.

Naplan data is valid, as a 'snapshot' of a child's development at one point in time and is used alongside a large variety of data that teachers gather to effectively plan for the needs of students.

The tests consist of Writing, Reading, Conventions of Language and Numeracy all of which were completed online with the exception of the Year 3 Writing test that was completed on paper as in previous years.

Results of the Naplan assessments are due in late Term 3. These are then forwarded to parents when they arrive.

SCHOOL CLOSURE DAYS

Thursday 27th May and Friday 28th May – “Focus - School Review”

The two school closure days will focus on reviewing the work of our school during the past 4/5 years and determining our focus areas for the next School Improvement Plan for the next 4 years.

SCHOOL REVIEW

As part of the Review process feedback will be sort from parents, students and staff during 2 official Review days scheduled for Monday 9th August and Tuesday 10th August during which an external Reviewer will visit our school. If you would like to be a part of a ‘Parent Focus Group’ please let me know via the school office so I can share additional information with you regarding the process involved and dates and times.

NEW PARISH SCHOOL IN ST ANDREW'S PARISH: ST JOSEPH'S PRIMARY SCHOOL, HARPLEY

You may be aware that our new Parish Primary School St Joseph's is the 6th Primary School in the Parish of St Andrew's opened this year with 127 children from Foundation to Year 6. The school was officially blessed and opened on Tuesday 27th April by Archbishop Peter Comensoli.

CORPUS CHRISTI SCHOOL PARISH MASS 2021

Our school will actively participate in a Parish mass on Saturday 6th November at 6.00pm. Please mark this date in your diary. We hope that many of our children and families will be in attendance at this mass!

MOTHER'S DAY STALL

A big thank you to all the parents who helped out at our Mother's Day Stall this year. It was wonderful to be able to run this stall again and to give our children the opportunity to show their mothers or loved ones how special they are to them.

I am truly grateful to all members of our Parents and Friends Committee for their hard work and efforts in organising this year's Mother's Day Stall. It was a huge undertaking and they did a fantastic job in preparing for the stall.

Even though we had a lot of stock from 2020 and the committee ordered additional stock earlier this year to try to ensure a good supply, nearly all stock was sold. Our committee members are always open to suggestions and ways of improving what we do, therefore we always welcome feedback from our families. I am sure that all the efforts of our committee members and helpers were appreciated by everyone in our community on Mother's Day when the children were able to give out their presents.

***I hope all our mothers, grandmothers
and special people in the lives of our
children had a wonderful and very
special Mother's Day.***

CARPARK SAFETY

**PLEASE
DO NOT PARK IN OUR NEIGHBOUR'S YARDS,
DRIVEWAYS OR NATURE STRIPS.**

As a matter of courtesy and respect we remind all parents and carers to not park in private driveways or on the nature strips of our school neighbours.

Safety ~Safety ~Safety

Please also ask children to be very alert to traffic conditions while walking or crossing roads and driveways.

At times children with earphones or ear pieces have not heard cars or horns sounding resulting in possible dangerous situations.

Congratulations to Italia, Mike & Sosefina (FDN AD) who welcomed a baby daughter/sister Jolena Emi Silao-Laban last week.

With kindest regards,

Linda

EDUCATION IN FAITH

Confirmation

Our Year 6 students received the Sacrament of Confirmation on **Friday 7th May at St. Andrew's Sports Centre**. Father Albert was the main celebrant and Father Anton was the co-celebrant. It was a beautiful night and we thank our teachers, parents and families for journeying with our students as they prepared to receive this special sacrament.

We congratulate our Year 6 students who received the Sacrament of Confirmation.

- 17th June

**Corpus Christi Feast Day Mass
Senior Unit Mass**

Special Celebrations

When we came back to school this term we celebrated two special events. **ANZAC Day** and **Mother's Day**

ANZAC Day: We remember the brave men and women who served our country. Our Junior community led the ANZAC prayer service beautifully.

Mother's Day: We had a beautiful liturgy celebrating our mothers, aunties, grandmother's and other special ladies in our lives on Friday 7th May. Our Foundation community led the celebration. We hope everyone had a wonderful Mother's Day.

We thank all our families for attending both celebrations via zoom.

Foundation Prayer 'Pyjamas Night'

The Foundation team led the Prayer in Pyjamas Night via zoom on Tuesday 4th May. We had lots of students and families join us in their pyjamas as we spent that time thanking and praying to God with our families. Thank you to those who attended the prayer session

Miss Richelle Mendoza

Corpus Christ Community raised \$350.00

For Caritas Project Compassion

WELL DONE!

Students Raised \$310 selling ANZAC day badges

DIGITAL TECHNOLOGIES INFORMATION

PARENT PORTAL

All Parents/Carers need to be able to access Corpus Christi 'Parent Portal' to be able to make an appointment for the upcoming 'Parent Teacher Child Learning Conversations' and access 'Student Achievement Reports' which will be published to the Portal on the 17th June for Semester 1.

IMPORTANT - Year 5 parents are asked to download, save and print all previous reports as it is a requirement to provide these reports when enrolling in Secondary schools.

PARENT ACCESS

Parents who are still to receive their login details will receive an email from Anne Walton annew@ccwerribee.catholic.edu.au within the next week. Follow the directions provided in the email to **reset your password** to your preferred password.

NOTE: Reset password option will expire after 5 days.

PTCLCs

Parent Teacher Child Learning Conversations (PTCLCs) are scheduled for **Monday 21st June (1:00pm -7:40pm)** and **Tuesday 22nd June (3:30pm-5:10pm)**. Conversations will be held onsite or **via Zoom upon request**. All appointment bookings **must** be made through the Parent Portal. Appointments open on the **1st June, 2021**. There are 20 minute time slots available to allow for a **15 minute** conversation.

NOTE: Appointment bookings have a closing time of 11:59pm 20th June 2021 no further bookings can be made after this time.

LEARNING AND TEACHING

Reading with your Child at Home

Sharing a book with a child is fun! It's a time for closeness, laughing and talking together and it can also give children a flying start in life and help them become lifelong readers.

If you're not feeling confident about reading aloud or sharing books, don't worry, there is no right or wrong way to do this!

Reading with young children

The books that children bring home to read, should be at a slightly lower level than what they are reading in the classroom. It is meant to be an enjoyable experience for both parents and their children. Not stressful!

Don't Tell Them, Guide Them

If you tell your child every word they get stuck on, they won't learn to use the reading strategies they are learning at school and will expect you to tell them every time. This isn't going to help them to develop and grow as readers.

Create daily opportunities to build your child's reading skills

By creating a print-rich environment at home. Seeing printed words (on posters, charts, books, labels etc.) enables children to see and apply connections between sounds and letter symbols.

When you're out and about

- Point out letters on posters, billboards and signs. In time you can model sounding out the letters to make words.
- Focus on the first letter in words. Ask your child "What sound is that letter?" "What other word starts with that sound?" "What word rhymes with that word?"

Reading with older children

Research has shown that it's actually beneficial to read to and with children even after they can read on their own. It shows that continued reading aloud after age 5 and well beyond improves reading and listening skills and academic performance.

- Let them have some say in the books you read together. Go to the library together to choose a book
- Use the books as conversation starters
- Allow the books to lead to other learning and provide time for special interests not just school provided literature
- Ensure that the reading time is a positive one by providing a quiet comfortable space or put a bean bag or corner of cushions in their bedroom
- Create a relaxing environment where distractions and noise area at a minimum
- Use audio books some of the time. Listening to a story is a skill in itself and enables children to hear new words without the difficulty of working them out
- Let them see your enthusiasm for reading no matter what it is!

Peta Cesarec

Learning and Teaching Team

FOUNDATION NEWS

At the beginning of the term, we went on an excursion to the Queenscliff Marine and Freshwater Discovery centre. It was such an amazing learning experience. We went beachcombing and discovered many new things, such as sea urchins, shark eggs, sea sponges, cuttlefish bones, sea squirts and a variety of types of seaweed. At the Discovery centre we learnt about lots of different animals that live on the coast and in the bay. We saw animals such as, flathead, crabs, sea stars, gummy sharks and sea cucumbers. We even got to meet a very cheeky pufferfish. So much learning happened on this day. It has really been so special and has enhanced our learning back at school.

In Literacy, we have started our guided reading workshops. We have been looking at different strategies to help us read and practising how to read to ourselves and to a partner. They have been developing their knowledge and skills in reading by showing us what they know in small reading groups. We need to remember to;

1. Look at the pictures - eagle eye
2. Look at the first letter of a word - lips the fish
3. Stretch out letters and slide them back together - stretchy the snake.

In Maths, the students have been looking at teen numbers and what they look like as a collection. We have been learning that teen numbers can be represented in different ways, such as number lines, tally marks and tens frames.

We would like to thank all the families for their support and attendance at our Prayer in Pyjamas night in week three. The students did a marvelous job at singing the songs and participating in our activities at our zoom meeting.

Please continue to read with your children each night and get them to identify the sight words in their take home books.

Remind App @divein2021. Yours in partnership

The Foundation Team

When I'm stuck, I can...

Eagle Eye

Look at the pictures!

Lips the Fish

Get your lips ready!

Stretchy Snake

Stretch it out!

Chunky Monkey

Break up the word!

Skippy Frog

Skip the word!

Flippy Dolphin

Flip the vowel!

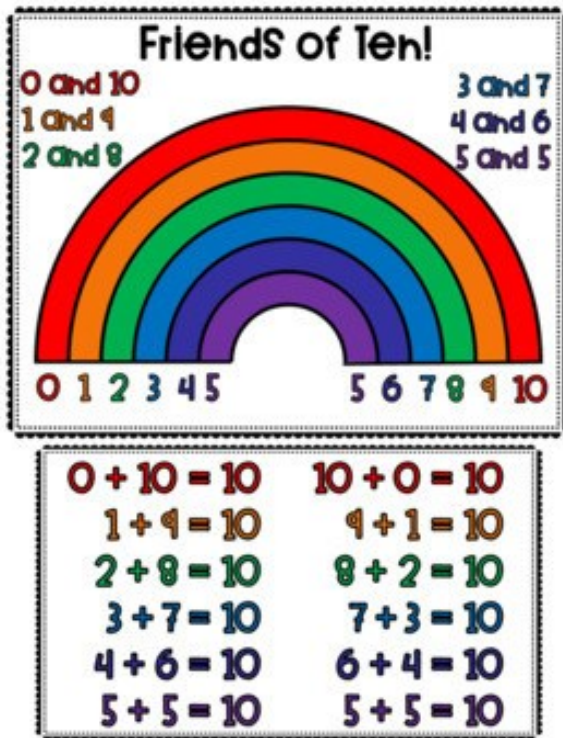

Tryin' Lion

Keep trying!

JUNIOR UNIT

The Junior Unit has been working very hard over the last month! In Literacy we have been exploring Jeannie Baker books. We started off with a museum walk through our communities with lots of images from her books. We used these to collect our wonderings for Inquiry. We have begun reading the stories and looking in depth at the collages to make connections to our Inquiry topic of environment. Students have begun forming their own definitions and understandings.

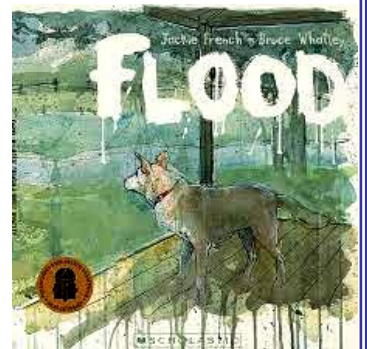

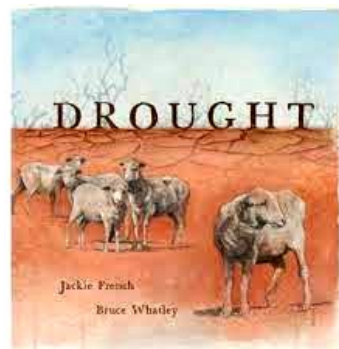

We have been exploring Addition and all of the different strategies that we can use to problem solve. We have been working on strategies such as friends of ten, doubling and the split and jump strategy. These strategies will be able to help us when we begin our unit on Subtraction.

During Religion we have learnt about what happens to Jesus and his Disciples after his crucifixion. We are discovering what the Holy Spirit means and how we can use the Holy Spirit to help us be the best versions of ourselves.

The Junior Unit

MIDDLE UNIT

In the Middle Unit we have been engaged in various learning experiences. In Literacy, we have been learning about factual narratives and have been engaged in four interactive read aloud experiences where we studied the author Jackie French. We explored her books entitled, Fire, Flood, Drought & Cyclone.

We are linking these experiences to our Inquiry unit on Natural Disasters.

In Mathematics, the students are exploring the topic of addition and subtraction. Students are learning a variety of strategies to solve equations like partitioning, doubling and the expanded columns strategy.

In Inquiry, we have been looking at natural disasters and how the changes in the Earth's systems impact how we need to sustain life for the future. We are also looking at the cause and effect of change within environment.

The Middle Unit

SENIOR UNIT NEWS

Confirmation

On Friday 30th April, the Yr 6 students and staff visited Portarlinton to participate in a Confirmation Reflection Day. The students spent the day preparing for the sacrament of Confirmation through prayer, song and acknowledging the gifts and fruits of the Holy Spirit they recognise in their peers and family members.

The sacrament of Confirmation was celebrated on Friday 7th May at St Andrew's Sports Centre. It was a wonderful evening and we are extremely proud of the Yr 6s who received the sacrament. Special thanks to all families for their love and support.

Student Leadership

The Sustainability and Environmental leaders have implemented new rubbish bins throughout the school. The bins are in the School Sports colours and students are encouraged to fill up their sports bins with rubbish. At the end of the week, the team that has the most rubbish wins a token. Congratulations to Portland and Woods and MacKillop who have been the winners so far this term. The team with the most tokens at the end of the term win extra playtime.

Yr 6 Tops

The Yr 6 students are proudly wearing their new windcheaters. They look very smart and congratulations to Angela Rowe on having her design printed with the theme: "Courage to Lead."
Thanks for your support.

The Senior Team

CARNEVALE PARADE

On Thursday April 29th April the whole school celebrated our Carnevale parade. During Term One in Italian students learnt about Carnevale and in Art students made a Carnevale mask. Our Carnevale parade was celebrated outside where all the students could view each other's masks.

Foundation to Middle communities made eye masks and the Seniors created a full face design. The masks were very colourful and creative. Students enjoyed a gelati in the morning. A fun time was had by all!

Mrs Maria Chetcuti & Mrs Ada Parrella

CORPUS SPORT NEWS

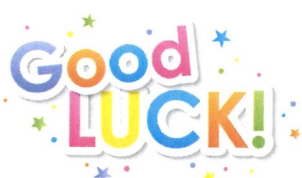

Corpus Christi would like to congratulate the 44 students who represented our school with such determination and pride at the Werribee District Cross Country Carnival on Monday 3rd of May. All students finished their race, displayed exceptional sportsmanship throughout the day and contributed to Corpus Christi coming 2nd overall out of thirteen schools. Well done on the amazing team effort!

PARENTS & FRIENDS NEWS

P&F - WHO ARE WE AND WHAT DO WE DO?

My name is Katrina, I am a parent of 3 children currently at Corpus Christi as well as a MacKillop student. I have been a parent of our school for 8 years and a member of the P&F committee for most of that time. I, like most of you, have many family commitments, and often find it very hard to find the time to do much more than we already cram into our week.

We (as a committee) often get told that parents are unaware there is a P&F committee, what it is we do or where the money we raise actually goes. So, I am here to give you some quick info on who we are, what we do and hopefully how (if you are keen) to come and join us.

We are a diverse group of parents, teachers and staff, who have, or teach children at Corpus Christi across a range of year levels. We are so grateful to have a small group of members that contribute their valuable time, thoughts, ideas and suggestions when we come together every third Wednesday of the month. This happens at school, an informal, welcoming and relaxed chat as we move through the school year and various events we put together. We usually like to keep it to half an hour as we know the many commitments our families have. Please also know that by being part of the P&F, you are by no means obligated to attend all meetings, even though we would love to have your valued input.

As you may be aware, we run various fundraising activities throughout the year, some of which are the Subway days, Bookclubs, Mother's and Father's Day stalls, the school disco, raffles etc etc. These are run by the parents (and a couple of staff), for the children. The money raised in these events all contribute to additional resources and upgrades for our school, that we would not otherwise be funded for.

In the past, P&F fundraising have contributed and or paid for the upgrade of the rubber rock on the senior playground, purchasing of additional iPads, and IT devices.

This year, the fundraising for 2021 will go towards the resurfacing of the Junior Playground (installation of rubber rock). The excitement in the children when the senior playground was complete was wonderful to see and we are sure we will get the same reaction when the junior resurfacing is complete.

In conclusion, we would love to see some new faces, as we value all of your input. There are always many ways things can be done and improved on. At the end of the day, it's about our children and raising money for the additional resources we can source for them whilst they are on the journey through Primary School. We would love to see you at our next meeting which is on WEDNESDAY 16th JUNE AT 7PM in the staffroom. Bring another parent with you or please contact the school office if you need any more info or are interested in joining us.

Thank you and have a wonderful week,
Katrina

Mother's Day Stall

It was another successful year for our Mother's Day stall this year, all the children were so excited to choose their special items for their loved ones.

We sold over \$5000 in gifts this year, making a profit of over \$3000! An AMAZING effort.

The P&F would just like to express our gratitude to every volunteer that took time to come and assist at our stall this year. Your time and your contribution to making this fundraiser a success was truly appreciated. We had more gifts out than any other year and managed to sell more than any other year! We are always looking to improve every year and are most grateful for your feedback. It is honestly one of the most satisfying moments as a parent seeing the pride and deep thought on the faces of these little people

carefully choosing the perfect gift for you all, hiding them and or giving them to you/us on Mother's Day. So thank you once again to our many volunteers, our keen shoppers as well as all of you who contributed by sending some money with your children to participate.

We hope you all had a restful and enjoyable Mother's Day.

Bookclub

Happy to report that \$2351.00 was the total spent by families and in turn raised \$470.20 in rewards for the school to use.

Upcoming Events:

- ⇒ Subway Lunch / Casual Clothes & Crazy Hair Day
- ⇒ Cancer Council Raffle
- ⇒ Pie Drive

**The next meeting will be held on
Wednesday 16th June at 7pm in the staffroom.**

New members are welcome.

SCHOOL UNIFORM REMINDER!

We are now into our official Winter Uniform period. Please ensure your child is wearing their long pants or winter tunic to school.

Please check NAMES are clearly written on all uniform items, particularly school jumpers! Our Second-hand Uniform Shop is OVER-FLOWING with SMALLER SIZES. We have plenty of jumpers, sport tops and loads of school bags!

All second-hand clothing is available for a donation this term!

Please contact ccschooloffice@ccwerribee.catholic.edu.au
to make a clothing request.

Please include your child's name, size and the item you are requesting.

WELLBEING & COMMUNITY PARTNERSHIPS

Respectful Relationships focus – Problem Solving

Over the next few weeks, students will be learning about Problem Solving strategies through our Respectful Relationships wellbeing lessons. Students will be able to:

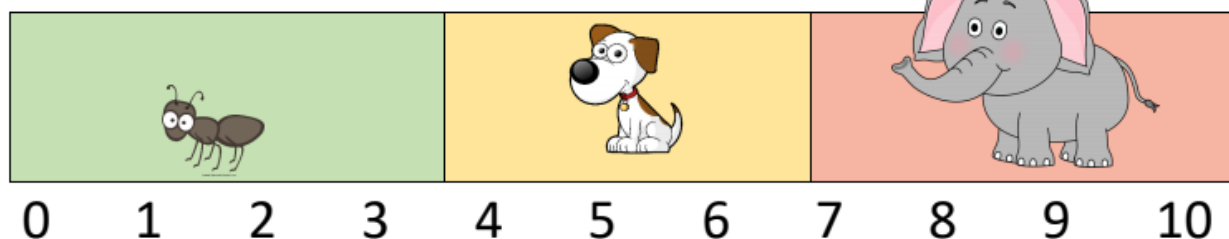

- Recognise that everyone experiences problems from time to time
- Describe characteristics of cooperative behaviour
- Identify a range of conflict resolution strategies to obtain positive outcomes
- Describe and apply strategies that can be used in situations where they feel uncomfortable or unsafe.

Students will discuss:

- That problems happen all the time
- We can brainstorm options and solutions to work through problems
- Is this a **BIG** problem (elephant size) or is this a **small** problem (ant size)?
- Can I use a strategy to solve the problem or do I need to ask an adult for help?

Feel free to print and use our Problem Scale at home, too!

Problem Scale

Feeling Anxious

An email was sent last week, letting parents know about an online webinar, titled **Anxiety in your Child, by Dr Justin Coulson from Happy Families**. We hope some parents were able to access this and found it helpful. Some resources, accessible to parents, include:

- Happy Families website <https://www.happyfamilies.com.au/>
- Beyond Blue <https://healthyfamilies.beyondblue.org.au/age-6-12/mental-health-conditions-in-children/anxiety>
- Kids Helpline <https://kidshelpline.com.au/parents/issues/anxiety-kids-and-teens>

What can parents do to help?

At school, we try to normalise all feelings. Key understandings we want all children to know:

- it's normal to worry and feel anxious sometimes
- our body feels anxious because it is trying to protect us from danger (even when there sometimes isn't any danger!)
- we can talk to our brain and use techniques to calm our body and brain.

If you feel your child is feeling anxious a lot of the time and it is affecting their daily life, please make an appointment to discuss with your Family Doctor.

Mrs Elissa Andizzon

Student Wellbeing Leader
